VICTORY!!! After all of the votes were counted, Proposition 203, the Arizona Medical Marijuana Act, passed with just more than 50 percent of the vote! This is a huge win for medical marijuana patients in the state. Thank you so much for your support!

The Arizona Medical Marijuana Policy Project (AMMPP) is a grassroots organization devoted to passing Proposition 203, the Arizona Medical Marijuana Act. Currently, seriously ill people who use marijuana on the advice of their doctor to treat illnesses such as cancer, AIDS, and multiple sclerosis are subject to arrest and imprisonment, simply for trying to stimulate their appetite or alleviate their pain.
